SIZZLER BARBECUES

*The **ULTIMATE** travel companion*

Designed for the leisure and marine industry, these barbecues are perfect for any outdoor area - whether it be for meals on the go or setup in a more permanent location such as home or a campsite!

There are four burning beauties in the **Sizzler Barbecue** Range, all with clean cut and modern lines. These truly versatile barbecues can even be installed into the wall of your RV, neatly tucked away until the next time you want to entertain your taste buds!

With the ability to cook for a party of between four and six people, let the good times begin with a **Sizzler Barbecue**... and let someone else do the cleaning!

SIZZLER**SLIMLINE PRO**
700-05600

A fully stainless steel barbecue with a grade 443 stainless steel cooking plate. The **Sizzler Slimline Pro** is great for installing into the wall of your RV as it comes with a convenient slide mechanism (on ball bearings); effectively utilising unused space. All excess fat drips into the fat tray which is easily removed for cleaning.

SPECIFICATIONS:

Closed Dimensions (including handle): 340D x 532W x 195H (mm)
Plate Size: 430W x 250D (mm)
Burners: Two (stainless steel with piezo ignition)
Weight: 14Kg
AGA Approval: Yes
Body Material: Grade 443 Stainless Steel

*AGA Approval Number 5884

SIZZLER**SLIMLINE ENAMEL**
700-05610

An enamelled barbecue (which can withstand up to 600°C temperatures) with a grade 443 stainless steel cooking plate. The **Sizzler Slimline Enamel** also has the capacity to be installed inside the wall of your RV (it comes with the slide mechanism already attached). It also has a fat drip tray allowing for easy cleaning of excess fat.

SPECIFICATIONS:

Closed Dimensions (including handle): 340D x 532W x 195H (mm)
Plate Size: 430W x 250D (mm)
Burners: Two (stainless steel with piezo ignition)
Weight: 14Kg
AGA Approval: Yes
Body Material: Mild Steel coated in Enamel

*AGA Approval Number 5884

SIZZLER**DELUXE (WITH BAKING HOOD)**
700-05620

A fully stainless steel barbecue (grade 443) and stainless steel cooking plate. The **Sizzler Deluxe** has a tempered glass window allowing you to view your meals progress without opening the lid - also making it ideal for barbecuing in adverse conditions. Its extra high lid enables you to roast, use it as a cooktop and barbecue! It has all the standard features such as two gas burners and an easily removable fat tray, but it has the benefit of being mobile. You have the option to customise the **Sizzler Deluxe** to best suit your barbecue style - either by purchasing a barbecue stand or the slide mechanism (if you did want it installed). Rubber extending legs are also available to better protect your cooking surface.

SPECIFICATIONS:

Closed Dimensions (including handle): 350D x 526W x 262H (mm)
Plate Size: 430W x 250D (mm)
Burners: Two (stainless steel with piezo ignition)
Weight: 14.4Kg
AGA Approval: Yes
Body Material: Grade 443 Stainless Steel

*AGA Approval Number 5884

SIZZLER**PREMIER (WITH BAKING HOOD)**
700-05630

The top of the barbecue crop & perfect for the barbecue connoisseur! The **Sizzler Premier** has all the standard features such as a high grade stainless steel body with two gas burners & an easily removable fat tray. Like the Deluxe model, the **Premier** also has a baking hood with tempered glass lid, enabling gourmet barbecuing in any weather. The side walls of the **Premier** are extra high, which means you're able to fit the optional rotisserie. You're also able to customise the **Premier** to best suit your needs - the slide mechanism and barbecue stand are available as optional extras.

SPECIFICATIONS:

Closed Dimensions (including handle): 350D x 526W x 312H (mm)

Plate Size: 430W x 250D (mm)

Burners: Two (stainless steel with piezo ignition)

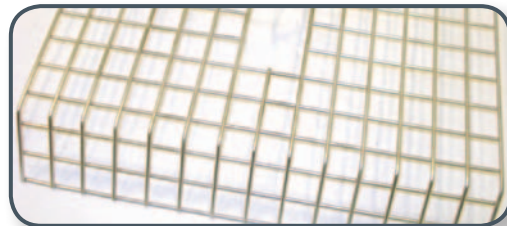

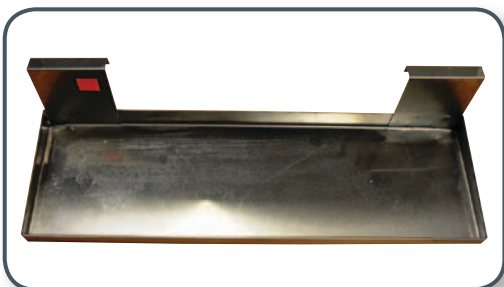

Weight: 15.4Kg

AGA Approval: Yes

Body Material: Grade 443 Stainless Steel

*AGA Approval Number 5884
