

ALTITUDE Awning

Technology that grabs your attention

"Coolest" part of any RV

Altitude introduces a new high in awning intelligence and style. This advanced, new-aged awning helps set your RV apart from the crowd with features you might find on much higher priced products, plus features found exclusive to Carefree awnings.

Today's RV owners enjoy entertainment, connectivity, and technology that simplify RV living. So we loaded the Altitude with leading-edge technology to reshape the idea of a cool RV patio.

Bright LED Lighting

Light Up Your Night

Bright LED lighting to illuminate your RV patio

Features:

Awning Extension and retraction
LED lighting on/off/dimming
Motion sensor sensitivity

PRODUCT FEATURE

Single-Touch Operation

The Compass will fully extend and retract with just a touch of a button! Let the awning do all the work while you setup or clean up your campsite!

Exclusive Pitch Adjustment

A Carefree exclusive, adjust the pitch of each awning arm independently while the awning is closed! Perfectly setup your awning before you open it!

Memory Pitch

Another Carefree exclusive, the Compass will self-level and retract and when it deploys again it returns to the same pitch every time! Set your perfect pitch and forget it!

Scissor-Arm Technology

The Compass is engineered for maximum strength and durability. Using exclusive Carefree Scissor-Arm Technology to increase stability and rigidity in the awning arms.

Advanced Motion Sensor

Motion Detection for optimal control

Protect your awning from the elements.
Wirelessly!

Features:

Awning Extension and retraction
Adjustable Sensitivity
Mobile App Compatible

*Upgrade your awning
with Auto-Retraction*
