Travel Rack Pro

A-Frame Mounted Accessories Carrier

The Coast Travel rack pro is the perfect solution to help you transport bikes and other cargo on your next adventure.

Featuring a durable and robust design, the rack easily attaches to your drawbar for improved versatility, visibility and access to your gear while you're on the road.

Installation is a breeze with the included U-bolts and hardware as no drilling is required. The mounting mast is adjustable allowing for customization to suit your specific installation and cargo carrying needs.

More tow ball mounted cargo accessories are coming soon!

Features and Benefits

- **Increased storage space:** Gives you the ability to add additional storage space and carrying racks for items that may not fit inside the caravan, such as bicycles, luggage and outdoor gear.
- **Enhanced versatility:** Allows you to bring more on your trips making your RV more suitable for a wider range of activities. When you have arrived and set up at your destination, you can remove a bike rack from the travel rack pro and use it on your car's tow ball for the day trips away.
- **Easy to install:** Thanks to its clever U-Bolt design installation requires no drilling.
- **Durable and Robust:** Made from heavy duty steel it can carry up to 60kg
